Happy New Year! Health Education has an E-Chug survey to promote awareness on the health and monetary costs of alcohol and tobacco consumption. Those that complete the E-Chug survey can redeem a ticket for a free Charburger from the Habit. I was wondering if you could forward the following to the RA's and freshman at UC Davis: Take the E-Chug survey to assess your alcohol and tobacco behavior as compared to other UC Davis students. It's a great way to compare your alcohol consumption to other consumption practices, varying from how much money you spend on alcohol, to translating the calories from alcohol into how many cheeseburgers you have drank. After taking the survey UC Davis students can bring your certificate of completion to Cowell Student Health Center Annex and get your Charburger ticket for a free Charburger from The Habit!
