
caring dental center Can anyone recommend a good dentist in the San Jose area?

I'm looking for a good dentist with a well trained staff. I find it many times that the dentist is competent but his staff (who usually does the teeth cleaning, etc.) is not. Can anyone recommend a good dentist to me? Thanks.

Can anyone recommend a good dentist to me? Thanks. I'm very satisfied with Piedmont Hills Dental Center. They are a little out of the way, but definately worth it. They are by the Post Office on Piedmont Rd Where Sierra Rd comes off of the foothills. 408.923.6222 gets you the main desk for appointments, info, etc.

Amacher wamac...@rahul.net I can very highly and sincerely recommend AMANDA ANH NGUYEN, D.D.S. Alpha Dental Care 1024 E. El Camino Real (near Henderson) Suite 1 Sunnyvale, CA 94087 408 736 7000 I have nothing but good things to say about this office, after 4 visits in the last 2 months. Quality work, good prices, exceptional pain control, Saturday/evening hours, prompt appointments, friendly staff, and more. I've been to quite a few different dentists over the years, and have never felt so

comfortable when having dental work done. This is a pretty new practice, so it's easier than usual to get appointments, too.
